Office of Congressman Tom Davis

Dear Friends,

I want to take this opportunity to thank you for giving me the chance to serve you, the people of Virginia's 11th Congressional District, for the past 13 years. As many of you know, I have decided not to seek an eighth term in Congress.

Since coming to Congress, it has been my practice to hold town hall meetings to give you the opportunity to ask questions, voice concerns, and hear my views regarding any subject you may wish to discuss. I wanted to let you know I plan to hold these meetings again this spring on the dates and times listed.

There are many pressing issues facing Northern Virginia, and much work left to be done before my tenure in office ends. The effort to extend Metrorail service to Dulles Airport and Loudoun County has been at the forefront of the region's conscience in recent weeks. I continue to work with Governor Kaine and the other members of the congressional delegation to gain federal approval of a transit option in this vital corridor.

Work also continues on the implementation of BRAC at Fort Belvoir. We convinced the Army there was no practical way to locate 17,000 new personnel on the Engineering Proving Ground portion of the fort. They have now scaled back their plans to roughly half the original figure, and are looking for a site that can handle the remaining number. My mission will continue to be to make sure the necessary infrastructure is in place before new personnel relocate to Belvoir.

The war in Iraq continues to be a pressing concern for our country. While the situation has stabilized compared to earlier periods of insurgency and violence, the question of how to proceed remains.

Climate change, the economy, global competitiveness, health care and immigration continue to be on the front burner as well.

I look forward to discussing these and other issues with you. I hope to see you in March.

Sincerely,

Tom Davis

Tom Davis
